

Chisago SWCD Honored at State Convention

During the 73rd annual meeting of the Minnesota Association of Soil and Water Conservation Districts, the Chisago Soil and Water Conservation District (SWCD) received the Minnesota Department of Natural Resources Division of Waters Appreciation Award. This award is presented to a SWCD that has implemented innovative conservation activities, demonstrated leadership and achieved significant results in the protection of Minnesota's water resources.

"We're proud of the commitment by the Chisago SWCD board of supervisors and staff towards improving the water quality of Chisago County," said Mike Mueller, Area Hydrologist for the Minnesota Department of Natural Resources (DNR), which nominated the Chisago SWCD for this award. "It's great to be able to recognize the work they've done locally. They've provided strong leadership in the community and are committed to improving the water quality of Chisago County."
