

Goose Creek

Monitoring Years: 2006-2008

Current Impairments: Fish Bioassessments, Macroinvertebrate Bioassessments

Interesting Facts about Goose Creek:

- Starts in Goose Lake
- Collects water from a large chain of lakes: Goose, Mandall, Robour, Horseshoe, Little Horseshoe, and Fish Lakes
- Transparency tube readings are generally high (clear water) unless there is a major runoff event
- Goose Creek travels through the City of Harris
